Speaker Redmond: "The House will be in order and the Members please be in their seats. The House will be lead in prayer by Reverend Krueger, the House Chaplain."

Reverend Krueger: "In the name of the Father, the Son and the Holy Ghost. Amen. O Lord bless this House to Thy service this day. Amen. The first and second verse of Psalm 28. O Lord, I call to you my rock, do not be death to me lest you not hear me. I become like those who go down to the pit, here the voice of my prayer when I cry out to you, when I lift up my hands to your holy of holies. Let us pray. This is a prayer for confidence by Desiderius Erasmus, written in 1467. O Lord and eternal God, who are the way, the Truth and the Life, we pray Thee suffer us not to stray from Thee, Who are the Way, or to distrust Thee, Who art the Truth, not to rest in any other thing than Thee, Who are the Life. Teach us by Thy Holy Spirit what to believe, what to do, and wherein to take our rest. For Thine own name's sake, and for the good of Thy people we ask it. Amen."

Speaker Redmond: "I'll try."

Dunn: "Thank you, sir. Amendment Number 1, as adopted in Appropriation to the I.L.E.C. Appropriations. This Amendment would give six... if not adopted, the Amendment takes out six-hundred and sixty-six thousand dollars, the same Amendment we put in last year... you people on the floor helped Dr. Springer and me, to put the Amendment on... if you want to have all of the inmates of all of the institution in Illinois have a hospitalization insurance, if you live as I do and as many of my constituents do, near a penitentiary where the hospital facilities are already crowded if you buy hospital insurance we think, that every time an inmate gets a sore throat or a sore toe, they will run up to the hospital and use their hospitalization insurance. This is an an Amendment that would take out six-hundred and sixty-six thousand dollars. If any... thank you, Mr. Speaker. If anybody in the whole Country can afford to be self-insured, it should be the ah... State of Illinois should be able to insure, or it be self-insured in the manner of hospitalization for inmates in our correctional institutions. I would urge the adoption of Amendment Number 1. I want to report to this House.... would you get some attention please again? If I could ah... Remember last year one my.... fellow Representatives was approached about a fifteen-million dollar ah... center

APR 26 1975

for his vote, my ah... I must look a lot cheaper than he does. I was approached in the Rotunda, yesterday... day before yesterday, I believe it was, by members of the Department of Corrections staff, who said that if I would not ah... try to get this Amendment put on that they might transfer a friend of mine, the intimation was, I have asked some time ago to have a friend of mine who is a guard in Statesville, having transferred to Vienna as a guard down there and I have been unsuccessful to date. But, in the Rotunda day before yesterday, I don't know whether you would call this a bribe or not, you be the judge of that. He said, if I would not... if I would oppose this Amendment or wouldn't try to put the Amendment on, they could do me an accommodation and I know that they meant they would transfer my friend. I resent this, I think it's terrible that ah... that ah.... something like this would happen and I think we ought to judge this on its merit, I urge you to consider. We do not need hospitalization insurance for inmates as a prisoner, to cost us six-hundred and sixty-six thousand dollars. I'd urge the adoption of Amendment Number 1, Mr. Speaker."

Speaker Redmond: "Representative Shea."

Shea: "Ralph, will the gentleman yield for a question."

Speaker Redmond: "He indicates he will."

Shea: "Ah... Mr. Dunn, maybe I didn't understand the impact. You're appropriation six-hundred and sixty-thousand..."

Dunn: "No... No the I.L.E.C. wants to appropriate six-hundred and sixty-thousand... six-hundred and sixty-six thousand dollars to buy hospitalization insurance for inmates of correctional institutions throughout the State, Amendment Number 1 takes out the six-hundred and sixty-six thousand. This is the same Amendment that Dr. Springer offer last year."

Shea: "All right, can... can I ask the question... the money is being appropriated from General Revenue, is that correct?"

Dunn: "Sixty-six thousand, six-hundred thousand of it would be Federal money, they tell me."

Shea: "All right, now we're out... pardon me sir. Without this money where.... what is the Department of Corrections gonna do?"

APR 26 1975

14.

Dunn: "What were they going to do, or what will they do with the money..."

Shea: "No... no, as I understand it, your deleting from this appropriation in the amount of six-hundred and sixty-six thousand dollars. Which is going to be used to purchase insurance for the inmates of the various institutions."

Dunn: "That's right, that's a departure from the present procedure."

Shea: "All right, and the present procedure is what, were self-insured."

Dunn: "Ah... they furnish, in some of the Institutions they take care of medical patients you know ill patients ... emergency, I have talked to the Hospital down at Chester and they said they always take care of and the State pays for ah... emergencies, gallbladder or appendectomies anything like that but regular medical expenses are at the infirmary in Institutions."

Shea: "Well.... we're presently we have, in house medical facilities do we not?"

Dunn: "Right, I'm sure we do, or we should have."

Shea: "Could you tell me and I... I... agree with your Amendment but, why... why did they have the money in there, that's what I was curious about?"

Dunn: "Well... ah... I talked to the Director of the Medical Department or the guy that takes care of it, the Department of Corrections and he said that this is ah... thing that they think they need, they want to buy a Hos.... or they want to be able to buy hospitalization insurance for all the inmates in the institutions of the State of Illinois. I think they are trying to move out the infirmaries and try to move out the medical facilities out of the various medical institutions."

Shea: "You mean that we have to pay for our dependents and yet for those people that are institutionalized they want to buy insurance for them."

Dunn: "I don't think.... I think this is just for the inmates."

Shea: "Yea, but that's what I'm saying, the State wants to buy in-

Grotberg: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Joint Resolution 5, creates a viable Joint Sub-Committee of the House Human Resources Committee and the ~~Senate~~ Welfare Committee to continue to deal with legislation, regarding children in the State of Illinois. Ah... it comes about mostly because of the hassle of the last few weeks, of the last Session where we go into Conferences on Bills dealing with children and there is no viable legislative combined effort to deal out these problems and ah... there is no expense to it, because any expense incurred would ah... be carried by the Speaker of the House and the Senate... .... Representative Skinner."

Skinner: "I'm not sure who to direct this question to.... in the last Session of the General Assembly there was 1, Joint House Senate Sub-committees and that was on Property Tax Reform and the total appropriation was for fifty-thousand dollars. Now, that we are to have two.... at least two and propably more than 2, Joint Sub-committees ah... I wonder if Representative Grotberg or anyone else knows, whether the appropriation will be considerably higher so that we may operate efficiently."

Speaker Redmond: "Representative Grotberg."

Grotberg: "Thank you, Representative Skinner. If you were listening I said there was no appropriation, this is a mutual effort by the two standing Sub-committees of the Senate Welfare Committee and the House Human Resources Committee and if... if any funds need to be expended they would simply be Committee Funds that are already in both the Speaker of the House and the President of the Senates Budget."

Skinner: "Mr. Speaker, I'm afraid that Representative Grotberg and I are not hearing each other. Ah... may I inform Mr. Grotberg that there is fifty-thousand dollars for all Joint Sub-committees and that if this fifty-thousand dollar appropriation is not increased neither his or his Sub-committee or anyone else's Sub-committee have sufficient funds to operate."

Grotberg: "Mr. Skinner, I'm willing to deal with that with no appropriation, I want a viable.... we want a viable way to walk back and forth across the Rotunda ah... and work with infinitesimal of ah... you know, maybe no expenditure."

Skinner: "Well, I understand what the Representative is saying, I'm just suggesting if you decide to have a Public Hearing the money will be coming from this account, to pay the expenses for that Public Hearing and we just better make sure there's enough money in the account to pay the expenses of all the Joint Sub-Committees."

Grotberg: "Appreciate that and I will deal with it ah... it will go over to the Senate and we can talk about it. Thank you."

Speaker Redmond: "Representative Schraeder" APR 26 1973

Schraeder: "What was the number of that Resolution."

Speaker Redmond: "House Joint Resolution 5. Any further discussion?"

The question is, shall the House adopt Joint Resolution 5. Those in favor say 'aye'. Opposed 'no'. The 'ayes' have it, the Resolution is adopted. House Joint Resolution 4, Representative Hudson, you want House Joint Resolution 4 called... House Joint Resolution.... take ah... 4 out of the record temporarily. House Joint Resolution 121. Speaker Redmond: "Representative Meyer."

Meyer: "Mr. Speaker, this is a Resolution ah... urging the President of the United State to ah... reform the Commission that has been investigating the Missing in Action ah... men in Viet Nam and Cambodia."

Speaker Redmond: "Ready for the question? The question is on the adoption of House Joint Resolution 121, those in favor... House Joint... according to my Calendar. I understand the Calendar is in error, making it the first time, it's House Resolution rather than House Joint Resolution. The question is on the adoption of House Resolution 121, those in favor vote 'aye', those opposed vote 'no'. On this question the ah... 'ayes' have it. House Resolution 121, is adopted."

Downs: "Mr. Speaker, Members of the House. As chief sponsor of House Bill 1158, I ask leave of the House to table the Bill."

Speaker Redmond: "Is there an objection? 1158 is tabled."

Speaker Redmond: "The order of House Bill, Second Reading appears House Bill 72, for which purpose we recognize..."

Amendment. Amends House Bill 72 by deleting everything on page 3 after line 3 and in lieu thereof inserting, so forth."

Speaker Redmond: "Representative Duff."

Duff: "Mr. Chairman, Ladies and Gentlemen of the House. This Committee Amendment is the Amendment that was worked out by ah... the Houlihan Sub-committee as the result of House Resolution 69. Ah... I'm going to ask Representative Houlihan if he would present the Amendment, but before he does I would like to make a comment that in all the time that I have been here I don't think I have ever seen a Sub-committee handled better on a tougher subject. But, Representative Houlihan who is the Chairman will present the Committee Amendment."

Speaker Redmond: "Representative Houlihan."

Houlihan: "Thank you, Mr. Speaker and thank you, Mr. Duff. Mr.

Speaker and Ladies and Gentlemen of the House. Committee Amendment Number 1 is the work produced of the House ah... speedy Sub-committee, created by Representative Katz the Chairman of the Judiciary II, ah... Committee. This ah... Committee Amendment Number 1 is in effect the Bill. It is the legislative response to the decision rendered by the Illinois Supreme Court in January of this year, which called for a new complication ah... as far as fourth term ah... periods where delays is the occasion by the defendant. Very briefly, the effect of this Amendment is to incorporate the rationale expressed in the lowest opinion and to be the effective date of this ah... new interpretation of the fourth term Act, July 1, 1976 ah... the Committee Amendment ah... was unanimously adopted by the Sub-committee and I move the adoption of the Amendment."

Speaker Redmond: "Any discussion? The question is on the adoption of Amendment Number 1, House Bill 72. All in favor of the adoption indicate by saying 'aye', opposed 'no'. The 'ayes' have it the Amendment is adopted. Any further Amendments. Third Reading."

Speaker Redmond: "On the order of Consideration Postponed, appears House Bill 357, for which Representative Maragos is recognized."

Maragos: "Mr. Speaker and Members of the House. I have a very big dilemma... today because I want to Amend House Bill 357 and

bring it to Second Reading, however the leadership on the Republican side will not consent to extend the life of this Bill for a couple of days and because of the fact that ah... I had it extended until today. Unfortunately, the Amendment that many of the Republicans, Members and others in this side of the aisle, wanted to be put on... is ready to be put on, in other words to take away the right of preemption on this Bill. However because this Bill dies today... I will not be able to put this Amendment on unless I get consent from the Members of the House of a 107 votes. That's why Mr. Speaker, I would like to... would you please get order Mr. Speaker because..."

Speaker Redmond: "Please, give the gentleman order."

Maragos: "The Amendment has been put out as Amendment Number 15, this is the Amendment which the Illinois Municipal League drafted and agreed would take their objections away from this Bill, because it would not... it will take away ah... right of preemption. Now, I ask the House and the Members and the Leadership on the Republican side, if they would not give me consent would they allow this Bill to go out with 89 votes with the understanding I will put this Amendment in the Senate, but this is the last day for this Bill and I think it's a vital area that concerns us because it concerns the sighting of Power Plants and we should have some vehicle. And, I agree with any of the objectors, including Representative Schlickman and other, that I will help while it's in the set-up stage to draft it to their ah... specifications if at all possible otherwise it's going to come back for Conference Committee Report and they will have another crack at it at that time. So, I plead with you to please allow this Bill, either to have a 107 votes and get some life with the Amendment or to go out with 89 votes as it has been ruled in the past, it will not effect the Municipalities, and then have it Amended in the Senate. So, that is my request Mr. Speaker, at this time. I would like to have a response from the Republican leadership."

Speaker Redmond: "Representative Schlickman, is Representative Walsh

yielding to you."

Schlickman: "I'm sorry, what was that Mr. Speaker."

Speaker Redmond: "Representative Walsh."

Schlickman: "I'm prepared to speak on this but... I defer to Representative Walsh momentarily."

Walsh: "To... to the question, as I understand it, that is would we ah... ah... go along with having this Bill amended in the ah... Senate ah... I would respond with an emphatic no. Ah..."

Maragos: "Or Mr. Speaker, give me two days extension on this Bill so I could put the Amendment on today and then have it for Third Reading Monday or Tuesday."

Walsh: "Well... it... as you recall, Representative Maragos the ah... that request was made, I think Wednesday of Representative Washburn, the Minority Leader, and he graciously ah... exceeded to your request that ah... ah... the date be extended to today. Now, it seems to me that if there was a ready solution that ah... the Amendment could have been prepared and ah... ready for today."

Maragos: "Unfortunately because of the time schedule that we've had this week, Mr. ah... Minority Leader, we tried very hard Mr. Walsh to get this Amendment, I got it in yesterday but it was not printed up until this morning. It was something that I had no control over. I had this... we had it Thursday, ready to go but I couldn't get it in until yesterday morning and it was not printed until.... and its been distributed this morning, other wise I would have pulled it up yesterday. Unfortunately, the clock is running against us in this week and it's beyond our human possible... humanly impossible beyond our control."

Speaker Redmond: "Representative Shea."

Shea: "Might I suggest to the gentleman, that he might want to Amend it and then see if the House will give him leave, to either hear it today or to continue it until next week. This Bill has been fully debated and we could go either route after it's amended, I think the Members would feel much more comfortable."

Speaker Redmond: "Representative Choate, did you desire recognition? Did you desire recognition Representative Choate?"

Choate: "I was only going to ah... ask the ah... Assistant Minority Leader, does he know whether the Amendment ren... removes his objections or not."

Walsh: "I haven't seen the Amendment."

Choate: "Well, why don't you ah... take..."

Walsh: "Why don't we take it out of the record..."

Choate: "Why don't you take it out of the Amend... ah... record and look at the Amendment and then ah... I think that the other part of it that Representative Maragos is asking, is nothing more than a pure courtesy because he has been attempting to meet objections. We had some objections over here, we want to look at it also."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Mr. Speaker, I have looked at the Amendment and I have analyzed it and it is a lousy Amendment and will not, in my opinion dissolve or remove the objection that objections that there are to this Bill. However, I would defer personally, to the suggestion of the Majority Leader ah... in having the sponsor bring the Bill back to Second Reading and let's consider the Amendment and take one thing at a time."

Speaker Redmond: "Representative Hudson, do you desire recognition."

Hudson: "Well... Mr. Speaker ah... thank you, very much. I was only going to add some support to ah... Representative Maragos, to give him what help ah... can be given, for him to answer the objections that have been levy... ah... the objections are... are ah... valid, I believe, but he is ah... sincerely attempting to... to ah... get around these and alleviate the ah... problem. So, I'm... I'm just adding my voice to ah... in support of what he is trying to do here, to answer the criticism of this Bill which otherwise is an extremely good Bill."

Speaker Redmond: "Representative Madigan, do you desire recognition."

Madigan: "Mr. Speaker, for purpose of an introduction, if that's in order."

So that the ah... Membership will have the opportunity to know what Bills, if their Bills are going to be heard next week and when and where, so would... the motion."

Speaker Redmond: "The question is on the motion of Representative Shea... Representative Kane."

Kane: "Mr. Shea, what Bills are included are these Senate Bills, did I understand you to say?"

Shea: "No, they're House Bills that were either assigned or re-assigned by Committee on Assignments today, there were a number of Appropriation Bills that had companion Bills that have to be re-assigned by the Committee or were re-assigned or will be, from the messages read in today. Now, we have suspended the Rule and have allowed the Chairman to post through today, what this motion is is to allow the Speaker to post those Bills through today, within the appropriate Committees."

Kane: "Well, this just covers Bills that have already been heard in one Committee and are going to be heard in the second ..."

Shea: "The re-assignment today."

Speaker Redmond: "The question is on the adoption of the motion, those in favor say 'aye', opposed 'no'. Need a roll call, I have been advised. Those in favor vote 'aye', opposed vote 'no'. It requires 107 votes."

Speaker Redmond: "Have all voted who wish? ... Take the record. On this question 120 'ayes', 6 'no' maybe a 121... maybe Adeline Geo-Karis is shutoff. The Bill having received the necessary majority, the question having received the necessary majority is hereby declared passed."

GENERAL ASSEMBLY

Maragos: "Mr. Speaker and Members of the House. I would like to have House Bill 357 removed to Second Reading for an adoption of an Amendment 15."

Speaker Redmond: "Is there leave. House Bill 357 is returned to the order of Second Reading."

Maragos: "Mr. Speaker and Members of the House. Thank you, for leave..."

O'Brien: "House Amendment 15, amends House Bill 357 on page 2 by adding after line 17 a new paragraph to read as follows, and so forth."

Maragos: "Mr. Speaker and Members of the House. Amendment 15 is the Amendment which has been suggested by the Illinois Municipal League to overcome the objections of the Members, when we debated this Bill last week, in that it preempts the Local municipalities which are defined in the Act as Cities, Villages and Counties, to have a right to voice their objections and see that this thing is not violating their building and zoning violation. I lean backwards to try to make this Bill as acceptable to everybody as possible, in order that we may have a vehicle to this Legislative Session upon which we could set historic landmark in controlling the Power Plant siting in the State of Illinois. And, I ask Mr. Speaker for adoption of Amendment Number 15, to house Bill 357."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Well, Mr. Speaker and Members of the House. I trust that the Membership is attentive to what is being considered now. We have in House Bill 357 a State Zoning Law, important enough in itself and now, on the day that this Bill is due to die by the rules we're confronted with a 15th Amendment which suggest one of two things. Number one, that the Bill was in terrible form at the outset and number two, that the sponsor would respond to whatever criticism he feels that he should to secure the passage of this Bill. Now, I direct your attention to Amendment Number 15 and I find it interesting that the sponsor has not asked for consideration or for leave to reconsider the vote by which Amendment Number 5 was adopted. He's leaving Amendment Number 5 in

APR 26 1975

35.

and Amendment Number 5 says that the regulation of the location, construction and operation of Electric Generating facilities is declared to be an exclusive State Power or Function. By the adoption of Amendment Number 15, we have a conflict within Section 105 on page 11. On one hand we are saying that it's an exclusive function of the State and then on the other hand we're saying something else. So, I would suggest that this is a meaningless Amendment without the reconsideration of Amendment Number 5 and the tabling of, but then, looking at Amendment 15 we see that the sponsor is amending two parts of the Bill, he's amending the preamble or public policy part which as you know, is not law... it is not law. And then, that part of the Amendment which is law... provides that, the construction or operation of an Electric Generating facility for which a certificate is here under... issued shall not be constructed or operated. Interestingly he does not use the word 'location' construction and operation. Location is land use, planning and management, it is as we popularly refer to zoning... so that by the second part of his Amendment, he does not do what he suggests he is doing and that is, to preserve a statutory rights that Municipalities, including townships and counties have with respect to land use and planning. I therefore suggest that this Amendment is in conflict with a previous Amendment and that in of itself regardless of the other Amendment does not accomplish what he suggests that will accomplish; and therefore I express my opposition to it ah... in as much as it is in conflict it's in bad form ah... and in an effect it would be meaningless."

Speaker Redmond: "Representative Maragos."

Maragos: "I hate to disagree Mr. Speaker, Members of the House, with the conclusions of my lustrous colleague and fellow Lawyer, but I think that he is putting more into the Amendment and... than is there. First of all, even through it does not lo... state the language, or the word 'located', you can rest assured no one is going to construct or operate... any... anything ... locate any building or any enterprise unless he can operate it and use it and comply with the local ordinances. So.... even through the word

'located' coul.... would sound well, it is not necessary to be put in ab... abinitio in this regard. Secondly, I disagree with his remarks pertaining to the fact that Amendment Number 15 does not.... as preempted by the other clause, because this says what Amendment Number 5 says but this says, in spite of what num... Amendment Number 5 says... if it still provided, however.... is prohibited by ordinances and rules and regulations of any Municipality, then in that event it will not be considered. So.... there is that provision where it does ah... take down the effect of Amendment Number 5, so therefore, Mr. Speaker and Members of the House I ask you, because we... this Commission, I may state to all of you, the Illinois Commission of Atomic Energy has heard... has had hearing on this thing every legis.... legislator of the 78th General Assembly was invited to attend, both at the hearings in Springfield and the hearings in Chicago, we asked you to give us your input and now at this late hour we find objections. I think Mr. Speaker and Members of the House that the hour has come were the State of Illinois has to stand up to be considered as a responsible State in protecting the welfare of its citizens in the area of Power Plant Siting and let us not be fooled for a minute, Mr. Speaker and Members of the House that this will not.... that this Bill is not necessary within short order. And, I ask for the adoption of Amendment Number 15 to House Bill 357."

Speaker Redmond: "Any discussion. Representative Mann."

Mann: "Ah... Mr. Speaker, I would like to ask the sponsor of the Amendment, a question I'm not ah... quite sure ah... whether he is for ah... ah... this Bill or not, in what effect would the Amendment have ah... on the Bill and I wonder ah... if he would answer that question."

Maragos: "I would be glad to, Mr. Mann. The... this Bill does restrict the Boards powers to preempt local ah... Municipalities, However, I'm... age comes out. None of the Power Plants will be in anyway in population centers or within the confines of Municipalities where there are population centers, and I, as one do not wish to see a Power Plant going where there is a population of any kind where it would be deteriorating the atmosphere and the enviroment of the people. That's why it should be considered and that's why I have... not to many qualms about this Amendment going in."

Mann: "Well, what specifically... would you say again what the Amendment does."

Maragos: "Yes. It says that, the Power Plants... if it's going to be placed within the ah... area of a Municipality, it has to abide by the rules and facility... by the rules and regulation of zoning ordnance of the building laws of the local Villiage, County or City."

Speaker Redmond: "Any further discussion. The question is on the adoption of the Amendment. The gentleman has moved to the adoption of Amendment Number 15, to House Bill 357. The question is, shall Amendment Number 15 to House Bill 357 be adopted. Those... roll call vote, those in favor vote 'yes', those opposed vote 'no'. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted."

Speaker Redmond: "Representative Schlickman... are there any further Amendments on this Bill... Representative Schlickman."

Schlickman: "Mr. Speaker, I have just filed with the Clerk a request for a fiscal note, which under the rules requires that this Bill stay at the order of Second Reading."

Speaker Redmond: "Representative Maragos."

Maragos: "Mr. Speaker, at this time I would like to state that the ah... ah... it may be applicable but we have not asked any fiscal note

in this year or any year, Representative Schlickman."

Schlickman: "Well, Mr. Speaker, Members of the House. All we need do is to look at the cover of this Bill and there is stamped on it, Fiscal Note Act may be applicable, furthermore, there is no accompanying Appropriation Bill and we are establishing a new Agency of State Government, which will come into being.... if this Bill were to passed and approved effective October 1, 1975."

Maragos: "Mr. Speaker..."

Speaker Redmond: "Representative Maragos."

Maragos: "To the best judgement we have been able to determine, they will be no nas.... necessity for Appropriation ah... for the fiscal year 1976 and that's why I'm asking and stating that there is not a fiscal note for this fiscal year. Otherwise, I would have had an Appropriation Bill entered at this time."

Speaker Redmond: "Representative Maraj.... Matijevich."

Matijevich: "Mr. Speaker and Members of the House. I'm going to raise a point of order in asking for this Fiscal Note. He may be under the Rules because we are on Second Reading, but as I understand this Bill has been on Third Reading and moved back, is that true. so.... as far as I'm concerned, asking for the Fiscal Note now, is surely violates the spirit of the Rules, because it has gone to Third Reading and he has moved it back to Second as a meas.... matter of convenience, not once but twice. So I ask this point of order Mr. Speaker, this Bill having gone to Third Reading once... ah... I really think that the request now for a Fiscal Note ah... comes to late... surely ah... in the spirit of the Rules."

Speaker Redmond: "Representative Schlickman."

Schlickman: "Well... Mr. Speaker, Members of the House. Were not only talking about the Rules of this House, but we are talking about the Laws of this State and within the statute there is the Fiscal Note Act. I also respectfully suggest that a Fiscal Note, that is provided prior to the adoption of the last Amendment is not a full complete ah... informative Fiscal Note. I understand that this is the last Amendment that will be offered to this Bill and I think it's.... now the appropriate time that we ask for a Fiscal

Bill, the proposed law."

Speaker Redmond: "It would appear to the Chair that the rules say that whenever a Fiscal Note.... Note may be required the sponsor shall obtain the Fiscal Note in the manner provided by law and it further states Rule 32, that if a Fiscal Note has been requested by any Member the Bill shall be held on the order of Second Reading and the Fiscal Note has been supplied. Therefore, I would feel that the gentleman is in order in requesting the Fiscal Note and it would appear to me that under our rules that we would have to ah... hold the Bill in the order of Second Reading but the sponsor may move for a suspension of the rules and if he gets 107 votes, why the rule may be suspended that's a 30 day rule."

Speaker Redmond: "Representative Maragos."

Maragos: "Mr. Speaker, I don't know if I did have a Fiscal Note on this Bill but I don't know if its accompany the Bill ah... which I have, but don't have it with me... on my hands at this time ah... because I think this was asked in the Committee, when we had the hearings and at that time I did produce a Fiscal Note but I don't have to have it with me in my package, I was looking for it earlier today ah... I did have it Gene, but at any rate I'm at a loss because I can not go pick it up at my office and bring it over and as a result ah... but in any case Mr. Speaker, whether it's a Fiscal Note or not I still have to have this Bill either amended... I mean allowed and the rules suspended for two more days by 107 votes. otherwise it's going to be dead in any case, so I ask respectfully of the House to give me two more days not only for the Fiscal Note but to bring it back up to Third Reading. Speaker Redmond: "Representative Walsh."

Walsh: "Well, Mr. Speaker the gentleman has moved to suspend the ah... appropriate rule so that this Bill can be postponed for two days, or three days. I respectfully ah... oppose the gentleman's motion. We have heard and debated the Amendment, we have found that the Amendment does not remove the tremendous objection to this Bill. There is no further Amendment proposed, I suggest to you that we are wasting our time Mr. Speaker, and that we finally dispose of this Bill. I would also like to point out that we have given the gentleman the courtesy of trying to get this Bill in the kind of shape that it would be acceptable to ah... majority of the Members ah... I don't think we can spend anymore time with it, the Bill is bad beyond repair and we ought to oppose the gentleman's motion."

Speaker Redmond: "Representative Maragos."

Maragos: "Mr. Speaker, this Bill has been on over the time allotted, I have gone to every objecter to say, what can you suggest that makes it so bad. If you don't like the idea of the Power Plant siting, that's something else again, but if you say that this Bill will not do the job that it's supposed to do then I say that you are incorrect... give me something, I've... as I say, I've bent backwards in all phases here to try to make this Bill to overcome the objection. The Bill is in good form, and the only thing is that ah... it has a substantive objection which these Amendment cover, it has nothing to do with the form of the Bill itself. And, therefore, Mr. Speaker I ask and implore because all of you have been.... with me and the House know that I've been in every activity I do that I have been non-partisan in trying to assist a Member

I will not be blocked out by the rules because of the time suspension which is beyond my control. Thank you, Mr. Speaker."

Speaker Redmond: "The question is, the gentlemen has moved for the suspension of the calendar... 30 day calendar rule in order that the consideration of this Bill may be postponed until ah... the 30th. The question is on the adoption of the motion. All in favor... it takes 107 votes, all in favor of the adoption of the Amendment vote 'aye', opposed vote 'no'... The voting of the question of the suspension of the rules to allow the 30 day, I mean the 30 day rule... requires 107... Representative Madigan."

Madigan: "Mr. Speaker, would the records show that this roll call is incorrect in regards to showing Mr. Kozubowski is present."

Speaker Redmond: "The record will so show."

Speaker Redmond: "Representative Maragos."

Maragos: "Mr. Speaker, I please would like to have ~~11~~ or 12 more votes up there to make sure that I have the opportunity to allow this thing to be debated on the merits of the Bill and not on a technicality. I ask you because, if I had not in my own way allowed these things and if not asking everybody to play fair, the way I have tried to play the ball game, then I would say that I was asking beyond control, but every Member of this House knows and even Henry Hyde knows that I've tried to do this and I appreciate. and thank you very much."

Mr. Speaker, the... the gentleman requested we hear this Bill on the basis of its merit, do you realize that we have gone through 15 Amendments considered all 15 of them, adopted them, heard the Bill on Third Reading on its merit... Mr. Speaker, we're wasting a tremendous amount of time on this matter, it's important to the gentleman, I know but it's also important to us to oppose it. Now, I think Mr. Speaker, that he's asking too much in requesting an additional extension of time for this Bill and I suggest to you that there is much more work needed on it and that work can maybe be done in a year, it can be submitted to us next year, there is just simply no excuse for this action. Speaker Redmond: "He's here."

Walsh: "All right, thank you."

is returned to the floor. How is he recorded?"

O'Brien: "The gentleman was ah... taken off the roll call."

Speaker Redmond: "Representative Peters, how do you desire to be recorded? You were removed from the roll call. 'Aye'. Representative Catania, do you desire recognition...? somebody standing between the Speaker and Representative Catania. She doesn't desire..."

Speaker Redmond: "Mr. Clerk, have you got the tally."

Speaker Redmond: "109 'yes', 4 'nay', 3 present. The motion carried. The rule is suspended. Representative Maragos."

Maragos: "Mr. Speaker, I wish to thank the Members of the House for this vote. Believe me, I don't think the House's time on...what I consider trifle matters, this is a basic Bill in this Session and I thank you again for your support."

Speaker Redmond: "Committee Reports.... Chair recognizes Representative Shea."

Shea: "Mr. Speaker, I move that we stand in adjournment until 3 P.M. tomorrow afternoon for a perfunctory session and then until 11:15 Monday for regular session and if.... at least stand in recess now for a few minutes and let the Clerk read in the Committee Reports and then to adjourn until 5 P.M. tomorrow afternoon for Perfunctory and 11:15 A.M. Monday morning for Regular Session."

Speaker Redmond: "2 P.M., I'm advised. I guess ah... Representative Griesheimer."

Griesheimer: "Mr.... Mr. Chairman, if I may now, I've approached the Speaker's Rostrum on three sperate occasions, I called to the Speaker's attention that ah... the last Bill that we spent so much time on was called out of order. I had a Bill on Postponed Consideration prior to that on the Calendar. It was not called..."

Speaker Redmond: "The gentleman is correct. Will you hold your motion for a moment.... On the order of Consideration of Postponed appears House Bill 111."

Speaker Redmond: "Recognize Representative Griesheimer.... Griesheimer, your on I understand."

Griesheimer: "All right, thank you, Mr. Chairman. Now... Mr. Chair-

man this is a studded snow tire Bill and I've done similarly as Mr. Maragos did, I contacted everybody under the sun to make sure that this Bill would meet the ah... the req... requirements of all those people that were interested in this matter. Now, one of the necessities of this Bill to have it cleaned up and passed out of here today is to add an Amendment to this Bill and move it back to Second Reading. And, there is no other way of doing this, if I may just... if I may just suggest the following. I previously distributed a letter indicating that the federal government is going to cut off all our Federal Highway Funds, if we do not do something to ah... abolish studded snow tires before March 31 of 1976. In that letter there was an indication they would not except my objection... ah... my Amendment to this Bill allowing rural mail carriers and ah... also emergency vehicles. We contacted the Federal Highway Administrator yesterday and he has agreed to allow these exceptions in Illinois but we do have to pass this Bill and we do have have an Amendment so the effective date is March 31, 1976. So, if we could move the Bill back to Second Reading, get the Amendment on and then get it out of here today it will be out of here in jig time."

Speaker Redmond: "Representative Griesheimer, if you amend it today we can't move it to Third Reading and then vote on it today. It will need the same procedure as Representative Maragos had. Representative Griesheimer..."

Griesheimer: "What?"

Speaker Redmond: "I say, if you return it to Second Reading and put an Amendment on today we couldn't hear it and vote on it on Third Reading today, it would have to get the same suspension as Representative Maragos got."

Griesheimer: "Well, now Mr. Speaker I raised that issue to the Parliamentarian yesterday and he said, don't worry about it we can go ahead with it today. Now.... I don't... it wasn't. it wasn't Dave, it was the other Parliamentarian up there and ah... this has happened twice on this Bill."

Speaker Redmond: "The only thing that I can say is that Representative

Maragos made it same request and I told him the same thing. And, that's the reason that he had to get the 107."

Griesheimer: "All right... all right Mr. Chairman, then I would move to suspend the rule to hold this over until next week, but I would still like to get the Second Amendment on this Bill."

Speaker Redmond: "Well, do you want to move it back to Second now and then put your Amendment on?"

Griesheimer: "I would, Mr. Chairman."

Speaker Redmond: "Okay. House Bill 111 is removed.... is moved to the order of Second Reading for the purpose of an Amendment."

Griesheimer: "All right, Mr. Chairman..."

O'Brien: "Amendment Number 4 amends House Bill 111 on page 1, by deleting lines 16 and 17 and inserting in lieu thereof the following, and so forth."

Speaker Redmond: "Representative Griesheimer."

Griesheimer: "Thank you, Mr. Chairman. The Amendment on Second Reading only ah... ah... moves the ah... effective date of the Bill from the original date of 15... November 9, 1977, to March 31, 1976... that is the date of the Federal Highway Administrator, that he has made it effective."

Speaker Redmond: "The question is on the adoption of the Amendment. The gentleman has moved ah... to adopt Amendment Number 4 to House Bill 111. Those in favor of adopting the Amendment, indicate by saying 'aye', opposed 'no'. The 'ayes' have it and the Amendment is adopted. Now, do you desire to make the same motion that Representative Maragos made. Representative Mag... Representative Stone."

Stone: "A point of order, Mr. Speaker. Ah... it seems to me that the reason ah... the prior Bill had to be put over was because of ah... the request for a fiscal note. I believe there is no request for a fiscal note here. Could we not move on this Bill now if we turn it back to Third Reading?"

Speaker Redmond: "We have never followed that practice, Mr. Stone. I believe we must have the suspension of the rules... The gentleman has moved that the appropriate rules be suspended to permit

consideration of this Bill as late as April the 30th, 1975. It takes 107 votes and all those in favor vote 'aye' and opposed vote 'no'. Have all voted who wished. Take the record. On this question there is 118 'ayes' no 'nays', none voting present. The motion having received the necessary majority is hereby declared passed. Third Reading."

Speaker Redmond: "Announcements. It goes back to Third Reading... Consideration Postponed then. Announcement... Representative Birchler."

Birchler: "Mr. Speaker... Mr. Speaker, I'm the chief sponsor of Bill 18 ah... 98 and I would like to have that Bill tabled."

Speaker Redmond: "Any objections? Table it. Representative Yourell."

Yourell: "Ah... the County and Townships Committee will resume ah... hearings at 2 o'clock in Room A-1, those of you who are sponsors and wished to have your Bills heard today, please report there promptly as well as Committee Members. Thank you."

Speaker Redmond: "Representative Schneider."

Schneider: "For ah... the Members information Mr. Speaker ah... once again there has been an error in the Calendar on my Committee. The Monday listing for the Elementary and Secondary Committee, is an error, there is a ah... the proper notice would be for Tuesday morning, subcommittee called Omnibus Subcommittee will be meeting in C-1, from 8 to 11 and not... not on Monday as indicated in the Calendar, it is Tuesday."

Speaker Redmond: "Any other announcements? Representative McClain."

McClain: "Thank you, Mr. Speaker ah... would the Members of Subcommittee on Child Welfare ah... on the Calendar it reads to our meeting will be at 8 o'clock on Monday and because of the numbers of Bills ah... we'll be at 10 o'clock Monday morning instead of 8 o'clock in Room ah... D-3 and that we will consider two Bills, Representative Daniels' Bill and Representative Rose's Bill."

Speaker Redmond: "Representative Sangmeister."

Sangmeister: "Thank you, Mr. Speaker... just an announcement that the Subcommittee on No-Fault Divorce has been moved around and we are now on the floor of the House for Monday, between 9 and 11 and

then after the Session between 2 and 5. Thank you."

Speaker Redmond: "Representative Matijevich."

Matijevich: "Mr. Speaker, Members of the House, just to repeat what I said earlier, I think that all the Members of the Executive Committee are aware of it, but sponsors please be aware that Executive Committee meets rather than 8 A.M., 10 A.M. Monday morning."

Speaker Redmond: "Representative Giorgi."

Giorgi: "Mr. Speaker, I would like to table... leave of the House to table House Bill 2746; I'm the sole sponsor."

Speaker Redmond: "Any objections? Tabled. I would like to tell the Members of the Rules Committee that they can pick up tentative copies of the Rules in the Speaker's office, immediately after adjournment here. Any further announcements? Representative Lundy, do you desire recognition?..."

Speaker Redmond: "Representative McClain..."

Mugalian: "The Subcommittee this is Representative Mugalian, of Mental Health and Mental Retardation of the ah... Human Resources Committee has been shown in your Calendar to be posted for Monday morning. That is to be corrected to Thursday morning at 8 A.M. There will be no hearing of that Subcommittee on Monday at 8 A.M. same room as before."

Speaker Redmond: "Question is on the adoption of the motion to recess ah... 5 minutes and then to adjourn till Monday at 11... oh, Sunday at two for Perfunctory and then Monday at 11. Representative Schlickman are you... All in favor of the motion say 'aye'. Opposed 'no'. The 'ayes' have it."

Speaker Redmond: "Senate Bills First Reading."

O'Brien: "Senate Bill 377, J. David Jones. A Bill for an Act to amend the School Code. First Reading of the Bill."
